

**OUR
FUTURE**
PROPHETICALLY

David Cartledge: 6th September 1999

The word of the Lord to the men and woman who are in this room tonight, that is spoken to the leadership of this church, who would lay hold of God and would not miss the word and would take it into their spirit, and that faith would rise up to lay hold of it.

I felt that God showed me that he has already been at work within you. He has brought you together, two distinct and separate groups who are not yet fully, completely, joined. Its like two separate groups being in the same place, without there really being a cohesion of heart, but I felt that God showed me that he is going to perform divine surgery on you. It will be heart surgery, he is going to change your heart one towards another where instead of simply acknowledging each another and recognising each other, there would come such a love for one another that you will even forget where you came from. That you will forget where you came from. But God doesn't intend to do that so you can luxuriate in this wonderful blessing of being one church in one place together all in one accord.

For God has a purpose out of the unity of spirit that he is bringing about in the midst of you and I saw it as though you were an individual, one church, not many people but one, and I saw you symbolized as one solitary person and I saw you as though you were small just like a little child, but I saw you walking out into the world. I saw you walking out beyond your present boundaries into the world and I can't quite explain how I saw it. It was a expression in the spirit, but I saw the earth as though it was covered with snow, I know it was only a way of God showing me this, it wasn't really covered with snow, it was just God trying to paint a picture for me. And I saw you walking out into the globe of the world from your present boundaries, into the snow and leaving behind tracks. It was easy to see where you had been. But I watched a phenomenon take place, first of all I noticed that as I watched it unfold in my spirit, like a movie film, I saw the tracks and I saw your footmarks and I noticed a phenomenon, they began to change, the footsteps got larger and they got further apart. First of all they were like the tracks of a little child but I saw them stretching out and I saw the footprints getting larger and larger until I was drawn in my vision to look and see who was making the tracks and it was no longer a child but a giant that was walking through the world and I looked at the tracks and I felt that they had significance. I felt this as I looked into the tracks I saw upon everywhere your footstep was planted, everywhere God took you to extend your ministry and his kingdom throughout the world wherever your footstep stood, they didn't just make marks in the snow but everywhere they were there was a pool of oil left behind. Your footsteps were leaving behind tracks of oil and I saw this thing in my spirit I felt God say unto me that I have caused their foot to be dipped in oil that God has given you anointed feet, that you are going to leave tracks for others to follow. There are others who are going to do the same thing that you have done and they are going to say we are here in our small corner and we are futile and we are doing nothing and we are here in our small corner and God will unite the hearts of others to do what you have done in different places around the world and they will find a way to become significant and influential and they will follow your tracks, they will see what you have done, they will see the glory of God that has come, that everywhere you go you will leave a pool of oil, there is something for people to draw upon.

But I saw another thing in the spirit and I speak it again prophetically that you might take it and ponder it and think about it. I saw your footsteps going not in the main stream not where most people take their journeys, not even in missionary endeavour, I saw your tracks going into inaccessible places, and out of the way places and I saw them in places that nobody else wanted to go and I saw them in places where nobody else had been and I saw you going there, one united church, growing to be a giant leaving behind pools of oil everywhere you walk and leaving behind something for others to draw out of and tracks for others to follow.

And I believe in my spirit that out of this analogy, out of this parable, if you like, that God showed me in the spirit that there is a measure of faith that God intends to rise in the life of this church as you from this side and you from this side and you from this perspective and you from that perspective look together to the common vision (and/)at the dream of growing together out of your present size not just in numbers but in a life of the spirit to become a giant in the Holy Ghost to make a difference in your world.

I felt that God said to me if you can see that in your spirit something will happen to your faith together, you will begin to believe together.

We can do it in God, we are called together to make a difference, we are called to change our world.

Prayer:

How heavenly father I commit this word to you I surrender it to you I pray that it will go deep into the hearts of my brothers and sisters and that it will not be lost, that it will be gathered up and will remain within their heart and I ask oh Lord, I speak with them now to reach out beyond this day and this moment to a day when you will fulfill all of this word through them and in them and ask Lord God that their influence in the world will be great and that oh God you would give them unique opportunities I see them battering down doors and breaking through into places that have been totally closed up for others have said it you can not come in here but you will give them a way to come in, you will show them wisdom and you will give them faith and when doors are tightly closed against them they will never say - *that's the end of it, we can't do anything more*. That faith will have risen through all that you've done in them and are doing in them in days to come, so that when the doors are closed tightly in their face they will never surrender, and they will never draw back but they will say we will do only what is the will of the Lord and it is the will of the Lord for us to come through these closed gates.

I declare it now in Jesus name Amen.

Today the Lord is supernaturally releasing pillars in the kingdom of heaven. This church has a destiny on it. This church is one of the most significant churches I believe relating to New Covenant Ministries. This church has a base church calling. This church has a kingdom calling. This church has a call to raise up thousands and thousands and thousands of people. This church I believe in prophecy will see multiples thousands of island people come to this church. This church is going to see signs and wonders and miracles. This church is going to leave large footprints in the sands of human history. The devil hates this church; the devil has attacked this church; the devil has destroyed leaders in this church. The devil has destroyed people; he's tried to break this church, smash this church, criticised this church, crush this church, but he has failed. This church is called of God. This church is activated, is catalysed to go forward in the call of God. I say in the name of the Lord Jesus – I break the trail of the past; I break the perpetual patterns of the past, I break them today, they are severed off this church in the name of the Lord Jesus. I release this church to move forward in God.

Sung Word over Faith City Church From Isi De Gersigny: 25/4/04 – PM Service

I am the one who looked down, saw what My hands had done, saw what My Word had spoken – said it was good. I am the same one who stood, watched My son on the cross; received Him gladly, said it was good. I am the same one poured out My fire saw My people changing – said it was good. I look over My people; I see how they respond to My love and I say it is good. I look upon every single one; I look upon every single one of you. I look into the eyes of everyone and I say you are good, you are Mine and you are good.

The seed will grow well; the seed will grow well; the seed will grow well in the soil for it is good. The seed will grow well; the seed will grow well in the soil for it is good. The vine will yield it's fruit for My vine is good; My vine is so good. Yield the fruit; yield the fruit that is good as you stay on the branches; as you stay on the branches and the heavens will drop their dew. My heavens will open up over you. The heavens will drop their dew, as my heavens open up over you. It is good, it is good, it is good. It is good, it is good, it is good. I sing it over you. It is good, it is good, it is good. It is good, it is good. I say over you it's good. My God, sing over your people, sing over your people.

And I say your inheritance it is good, it is good – as you link arms, as you link hands; over rows, over homes, over streets, over stores, over schools – your inheritance it is good. Your businesses prospering for they are good – it is good, it is good, it is good. I sing over you it is good, your inheritance it is good, it is good, it is good.

Look into the face of the One who sings over you for He is good; He is good; He is good. His love is everlasting, everlasting; everlasting. He is good, He is good; He is good.

Genesis 49:22-26

Zechariah 8:12-13

“The seed will grow well, the vine will yield its fruit, the ground will produce its crops, and the heavens will drop their dew. I will give all these things as an inheritance to the remnant of this people. As you have been an object of cursing among the nations, O Judah and Israel, so will I save you, and you will be a blessing. Do not be afraid, but let your hands be strong.”

Saw vision of vines rapidly growing up the sides of the auditorium – the weight of the vines was such that the walls were overwhelmed and fell outwards – signifying extensive sideways growth of the believers – in stature and in numbers. The old goes to make room for the new. And the new had an amazing way of taking over - “climbing over walls” (Gen 49:22).

You guys will remain steady – because of the hand of the Lord upon you – You are His arrows and His bow remains steady. Your success will be remaining - standing - not budging – “not being frightened in any way by those who oppose you” Phillipians 1:28.

Ryan Matthews: March 2006

I just felt God give me a word for Mike and his eldership team, so I’d actually like you to just come and stand together.

I just had a picture of a hill before you. At first I saw you Michael on your knees climbing up the hill, tears streaming down your face; dirt in the sand. I saw your wife not too far behind you; I saw your elders crawling up this hill. It’s been a hill of testing, it’s been a hill in parts of suffering. But the Lord says to you tonight:

You are called to be on the hill Faith City, because I have called you to be a city on a hill that shines the glory of God. I have put this hill before you for I have called you to stand on the top of the hill and to shine. So do not fear, do not be dismayed with the hill that you have climbed; the hill that you are climbing because I have called you to be shining stars and in the heavens in a land of darkness.

I say to you tonight eldership of Faith City that I have forged you to be a threshing sledge in My hand. You are poised now for a reaping like never before. I know in the natural as I’ve heard that you have been crying out to God for things. But I feel God says to you that you are positioned; I am positioning you on that hill because you are a threshing sledge in My hand. And I believe the barn doors of reaping are open. Trust God. Even now trust God for great salvations Faith City. Trust God because you are a city on a hill. And the light will not be hidden. Arise Faith City; you are a city on a hill and a hill will not be hidden.

The barn doors are open; the barn doors are open and a reaping will take place. You are sharpened, the suffering has sharpened you. But the devil has shot himself in the foot. It’s a time of joy and reaping. You have gone out with tears but you will return with joy, says the Lord. The season of joy and reaping is now.

Peter Howard-Brown: 11 March 2007

Song of Songs 2:10 *“My beloved speaks and says to me, ‘Arise, my love, my beautiful one, and come away, for behold the **winter is past**; the rain is over and gone. The flowers appear on the earth, the time of singing has come, and the voice of the turtledove is heard in our land. The fig tree ripens its figs and the vines are in blossom; they give forth fragrance.”*

In praying for this time and thinking about you, I feel the Lord is saying that He is leading you into a **new season**:

- It is a new day of **expansion** and **growth** in and from this place
- It's time to no longer look **back** to the **past**: you are no longer the church you used to be. God has been re-engineering you
- It's a **new day** for this church. And you are not going back!

It's time for an **expanded influence**. It's time for a **clearer** and surer **sound** to come *from* this church.

- God wants this church to be a **base church**: one that resources the **advance** of the Kingdom of God
- I see arrows being shot from this place and all hitting the **islands** around NZ, and **further afield**. Not single arrows, but a volley – **many** arrows, continuously. His plan is for this house, this Faith City church family to be a people of influence.

Men are going to rise up in true Kingdom **manhood**.

- I see the men of Faith City modelling a **new mindset** around masculinity and fathering.
- Fathers are going to bring timid, **orphaned** spirited young men to a place of productive manhood and Godly strength

Attitude and mindset towards **finance** is going to change – I see greater **financial miracles** occurring amongst you. You will not say *“we cannot do this and that for the Kingdom because we have no money”*.
